2.0 Percussion Kit

The full version of Percussion Kit includes over 375 loops and samples. All recorded dry so you can add your own effects, and mix the drums the way you want. The individual drum hits are also provided so you can easily add a drum or cymbal to an existing loop to create your own new loop!

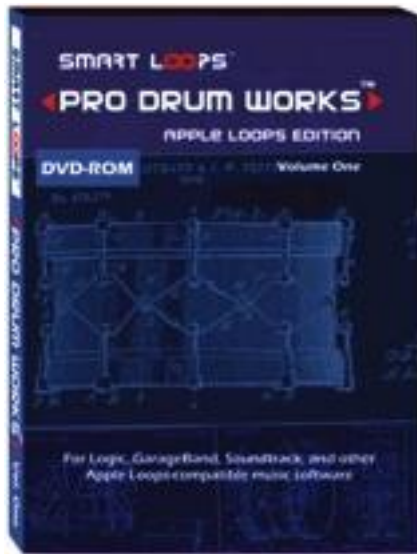

Percussion Kit can be purchased on a multi-format CD with all loops available in ACID, Apple Loops, and REX2 format or individual formats can be purchased separately as downloads from the Smart Loops website at <http://www.smartloops.com/products/percussionkit/>

3.0 Compatibility

These professional audio loops are optimized for use in any program that can load Apple Loops and AIFF files including:

- Ableton Live
- Apple's GarageBand, Logic Express, Logic Pro, and Soundtrack Pro
- Digidesign's Pro Tools, and Pro Tools LE
- MOTU's Digital Performer
- Reason
- Steinberg's Cubase
